it-solve s.c.

Web Developer

July 2018 – March 2020
Czestochowa, Poland

- Developed website layouts using React components, and Laravel (combining Vue.js) for various clients, resulting in a 19% increase in website traffic.
- Developed intuitive, responsive websites utilizing HTML, CSS, and JavaScript, complying with industry best practices and accessibility standards.
- Developed single-page applications using React and TypeScript, delivering responsive and user-friendly interfaces for clients.

- The secret of success is to do the common thing uncommonly well.
- First, solve the problem. Then, write the code.
- I never dreamed about success, I worked for it.
- Nothing is impossible, the word itself says - I'm possible!
